

CS7GV2 EXAM!

Monday
Dec 13th
14:00 - 19:00

* December 13th — 18th ???
↓

* "TAKE AT HOME" | Specific day.

* 5 hours window 12:00 - 17:00

* 3 hour "target time"

* 6 Questions - Answer 4!

* $3 \times 60 \text{ mins} = 180 \text{ mins} / 4 \text{ Q} = 45 \text{ mins/Q}$

* Each question will ask you to identify in some way one of the assignments.

* TO PREPARE → Do All the assignments!

* SUBMIT → Program code (PROJECT) into
github.scs.tcd.ie

* SUBMIT

Relating to exam Q

→ PROGRAM CODE / PROJECT

→ FS would like to run it!

→ BECAUSE TECH CAN'T BE TRUSTED

① PRESENT YOUR WORK IN A
JUPYTER NOTEBOOK

→ Save any animations to
an external file in repo.

② EXPORT NOTEBOOK AS A PDF

EMAIL ME

① A LINK TO YOUR
GITLAB REPO

* ② THE PDF VERSION OF
YOUR NOTEBOOK

31 days!

- Make new repo

- Make 6 notebooks in it

- Finish all 6 assignments

AIM IS FOR THERE TO
BE NO SURPRISES

* Maybe have one single project for whole exam.

* Maybe have one Jupyter Notebook per answer

* Maybe just print notebook to PDF

* FS will show you some examples

* I will give you some examples of assignment modifications in the coming weeks.

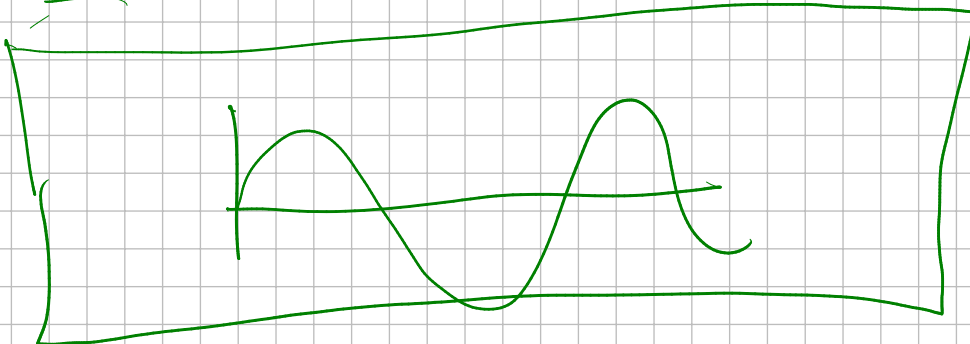

* Will also show you some notebook examples

Q1
